Retraction: Blood and Bleeding Management in Developing Economies: Perceptions, Preparedness, and the Evolving Practices

The article titled “Blood and Bleeding Management in Developing Economies: Perceptions, Preparedness, and the Evolving Practices”,^[1] published on 1st Jan 2024 in the Journal of Cardiac Critical Care TSS (JCCC), has been retracted by the Editorial Board of the journal due to the misrepresentation of the data. It has been pointed out to the Editor that the data presented in the review article has some serious errors thus leading to an overall misrepresentation of facts and figures. Upon investigation all the authors have agreed to the same and also to retract the article.

As the case involves data misrepresentation, which directly affects publication ethics, the Editorial Board of the journal has decided to retract the article.
